

DOWNSHIRE HILL, HAMPSTEAD, NW3

An opportunity to purchase a quintessential period house in Hampstead Village.

This spacious, and light filled five/six-bedroom terraced Grade II Listed Regency house, is located on one of Hampstead's most notable and coveted streets. A particularly rare and beautiful example of a Regency house, built c1814, displaying an elaborate and intricate cast iron balcony with Chinese pagoda style roof.

Set back and elevated from the road, behind a mature 52ft south easterly facing front garden, the property comprises approximately 3428 square feet (318 sq. m.) of accommodation arranged over four floors. To the rear is a delightful 51' x 32' North West facing garden.

Downshire Hill is one of Hampstead most desirable locations, a wide tree lined road extending from Rosslyn Hill in the West down to East Heath Road, offering extensive on street parking. There a delightful mix of Regency and Georgian homes lining this distinguished street, remaining for the most part, unchanged for centuries.

With the rolling acres of Hampstead Heath at the bottom of the road, the house is also exceptionally well located for ease of access to the extensive transport facilities provided by Hampstead, Belsize Park, and South End Green. It is positioned centrally amongst local schools and convenient for the East Heath Children's Playground

GUIDE PRICE £5,950,000
